## **Workers' Compensation Injury Packet Contents**

### **Injury Reporting Procedures (page 3)**

### **What to do After the Injury (page 4)**

#### **First Report of Injury (FROI) (page 5)**

By certifying a claim the employer is stating that they are in agreement that the facts reported are correct and valid to the best of their knowledge. Certification does not mean that BWC will grant the allowance of a claim, just as rejection does not mean that BWC will deny a claim. BWC will conduct an investigation and determine whether the claim should be allowed or denied, regardless of the employer certification.

If an employer does not agree with the allowance of a claim they should check off the box marked "rejection." Consult your third party administrator about certifying or rejecting claims.

#### **Accident Analysis Forms (Optional) (page 6-7)**

Accident investigations determine how and why these failures occur. By using the information gained through an investigation, a similar or perhaps more disastrous accident may be prevented. Conduct accident investigations with accident prevention in mind.

### **Enlarged Employee Identification Card (page 8)**

### **Local Medical Providers (page 9)**

### **Genex Care for Ohio Claim Team Members (page 10)**

#### **Pharmacy Benefits Program**

Unless a BWC Claim number has been issued the injured worker will need to pay out of pocket for their prescription and get reimbursement from the BWC. Once a claim number has been generated the pharmacy will bill the BWC for prescriptions. Inquiries for pharmacy benefits should be directed to 877-543-6446. To obtain a claim number immediately you can call the claim into Genex or file online at [www.bwc.ohio.gov](http://www.bwc.ohio.gov).

#### **Job Description**

Send a job description to the doctor with your injured worker. This allows the physician to better determine the job functions of the injured worker and assist them in returning to work with restrictions if needed.

## INJURY REPORTING PROCEDURES

- Work-related illness / injury occurs.
- Employee *IMMEDIATELY* notifies Employer of Injury.
- If an emergency, employee should seek immediate medical attention.
- If not an emergency, Employer refers employee to their Preferred Physician who is BWC Certified Provider.

For additional assistance in finding a medical provider:

Genex Care for Ohio 800.447.6250 or [www.bwc.ohio.gov](http://www.bwc.ohio.gov)

- Employer and Employee should complete the **First Report of Injury (FROI)** as soon as possible. Three methods of reporting injuries:
  - ✓ Fax completed FROI to Genex Care for Ohio at 888.275.9719
  - ✓ Email completed FROI to [genexcareforohio@genexservices.com](mailto:genexcareforohio@genexservices.com)
  - ✓ Call Genex Care for Ohio at 800.447.6250
  - ✓ File FROI online at [www.bwc.ohio.gov](http://www.bwc.ohio.gov)**\*\*Please contact Genex Care for Ohio within 24 hours of an injury\*\***
- Employer and employee should complete accident analysis forms: injury incident report, injury fact sheet and witness statement.
- If the Employee is not going to seek treatment, do not notify Genex, keep the completed FROI and accident analysis forms in their personnel file.
- Employer provides Employee with a Genex Care for Ohio Identification Card and Job Description. Employee should present their identification card and job description to the medical provider upon arriving for treatment.
- **Employee is to provide Employer with medical documents and/or information (e.g.: physician ordered restrictions, physical therapy orders, appointment dates for therapy) in a timely manner.**
- A Genex Care for Ohio Claims Specialist and/or Nurse Case Manager will be assigned to each claim. Upon notification of the work-related illness/injury, immediate contact will be made with the employer, injured employee, and medical provider.

**Transitional work** may be available for employees to allow suitable alternate employment or reasonable productive accommodations for those employees who are unable to perform their normal job duties due to work related accident, injury, or illness.

## **ATTENTION MANAGEMENT - What To Do After The Injury**

### Genex will Facilitate Return to Work and Coordination of Care

- Stay in close COMMUNICATION with parties involved in the claim: Genex, your TPA, the BWC and the injured worker.
- What is the work status of the Injured Worker:  
**IW Released Full Duty:** notify Genex of the return to work date.

#### **IW Released with Restrictions:**

- ✓ Genex will need to know if you are accommodating the restrictions outlined by the physician.
- ✓ Contact the Injured Worker and let them know that you have transitional work until they can return full duty.
- ✓ Instruct the Injured Worker to provide you with medical documents and/or information (e.g.: physician ordered restrictions, physical therapy orders, appointment dates for therapy) in a timely manner.
- ✓ Complete and return the Transitional Work Participation Agreement to Genex.
- ✓ Contact Genex if you or the injured worker is having difficulty with the restrictions assigned by the physician. Additional assistance may be available onsite, such as remain at work services, job retention program or onsite physical therapy.

#### **IW was not Released to Return to Work:**

- ✓ It is very important to notify Genex immediately.

Accident Prevention: the safety or transitional work committee should be notified of the incident and should determine how to prevent occurrences.
