

[Workers' Comp](#)

## Cost Drivers & Complex Claims [Recording]

### Event Details

When:   Where: [Register Now](#)

Detailing the volatility, complications and care needs of an injured worker can often be a challenge for insurance professionals. In this session, the presenter will explain how participants can increase recovery times for better return-to-work planning based on injury, age and adverse factors, and design a comprehensive approach to achieve better outcomes and reduce long-term costs.
