Knee and Shoulder Injuries and Surgical Intervention [Recording]

Event Details

When: Where: [Register Now](#)

Learn more about the diagnosis and treatment of common workplace injuries that cause knee and shoulder pain. Anthony Pribila, PT, DSc, CMPT, CMP, CEAS, of Therapeutic Rehab Specialists, will present real-life examples through case studies and offer a thorough review of basic anatomy and treatment options to assist adjusters in returning injured employees to work in a safe and efficient manner.

This webinar has passed. If you missed the live presentation, you can access the webinar recording and slides [here](#). Please note that you can not receive CE credits for watching past webinars.
