Neck/Back Injury: Surgical Advances & Treatment [Recording]

Event Details

When: Where: [Register Now](#)

Neck and back injuries make up a large percentage of the workers' comp and health-care-related claims treated in the orthopedic field. Sign up for this webinar to better understand the common sources of neck and back pain through injury. The presenter, Ara Deukmedjian of Deuk Spine Institute, will discuss treatment options and help attendees understand situations where a specific diagnosis or treatment option may not be most effective for the injured worker.
