

# **AMENDED REVIEW MSA FAQ**

Amended Review is an opportunity to ask CMS to review and revise the previously issued MSA determination.

## **What are the criteria for requesting Amended Review?**

1. The case has not settled.
2. It has been at least **1 year** but not more than **6 years** since CMS issued the determination letter.
3. There is a change in the MSA of at least 10% or \$10,000 since the determination letter was issued.

\* CMS will not review an Amended Review request where the change in treatment is solely a medication change from brand to generic medications

## **What information is needed to support the Amended Review request?**

1. An explanation or rationale for the Amended Review request (e.g. surgery no longer recommended)
2. A new MSA proposal
3. All medical treatment records after the date of the CMS determination
4. The most recent 6 months of pharmacy records
5. Future treatment recommendation that was included in original CMS determination
6. Consent to Release signed and initialed by the claimant
